| SEPTEMBER 23 – 25 2021 | 6:00 - 8:00 PM |

on

**"Employment Centric Development
for
Poverty Free Bharat"**

**(Webinar on Sustainable Development with Inclusive Growth for Optimising
Employment and Eliminating Poverty)**

About Seminar

Bharat, which was the wealthiest economy in year 1AD based on GDP, which declined to less than 4% after independence from over 30% in year 1AD, has grown to be the fifth largest economy in the world based on GDP and third largest based on GDP in purchasing power parity terms. Bharat, a pluralistic economy, has one of the largest networks of educational institutions producing educated and skilled youth to be engaged and employed in nation-building. The country has made great strides in various fields, e.g., information technology and health infrastructure. However, we have not been able to eradicate poverty and malnutrition and provide employment to every individual willing to work. Moreover, with increased global connectivity, vibrant print and electronic media, increased literacy, and a democratic governance system with increased participation of her citizens, the aspiration level of the people has increased manifold. We want to see Bharat as a leading and prosperous country providing decent employment to all in an environmentally sustainable way by the year 2030. This Seminar aims to explore strategies for a poverty-free Bharat, with employment for all and an environmentally sustainable 10 trillion dollar economy by 2030.

Swadeshi Shodh Sansthan, in collaboration with other prominent universities and institutions, has proposed to initiate discussion and debate on this topic on 23-25 September 2021. The discussion will take place on the following three broad areas to make Bharat i.e. India:

1. **Poverty Free Bharat with 0% BPL Population**
2. **Optimising Employment with Livelihood for all**
3. **Sustainable Development with inclusive Growth to Touch 10 Trillion \$ GDP**

These broad areas would cover national, sectoral (e.g., rural and informal sectors, SMEs, manufacturing, and service sectors), and state-specific perspectives. The discussion will also focus on areas that require special attention and reform to achieve the mentioned goals.

Registration & Call for Ideas

The ideas on the mentioned themes can be submitted on the Email Id:
10TrillionBharat@gmail.com

For registration and joining the webinar for all the three days.
